NITTOKU
Design the Next

We can wind it. From microscopic chip inductors to huge stators. Nittoku is the most diversified winding machine maker, but at the same time also highly specialized in each category.

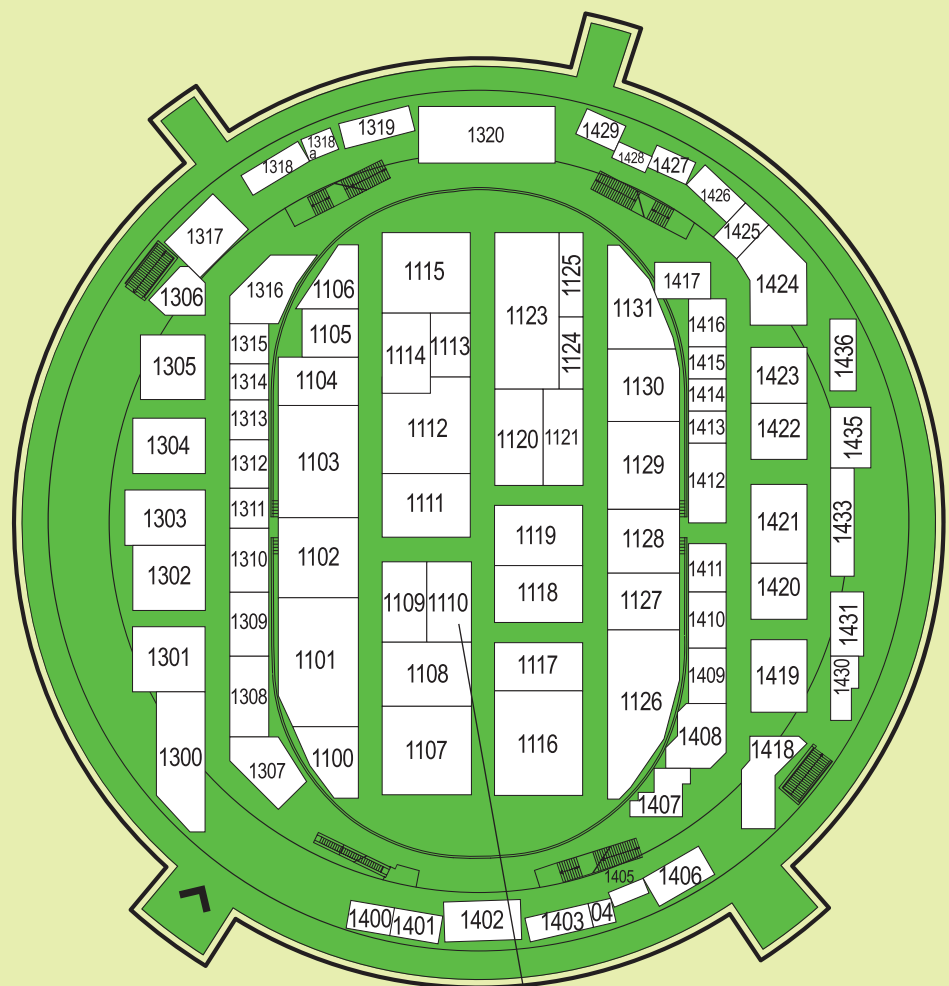

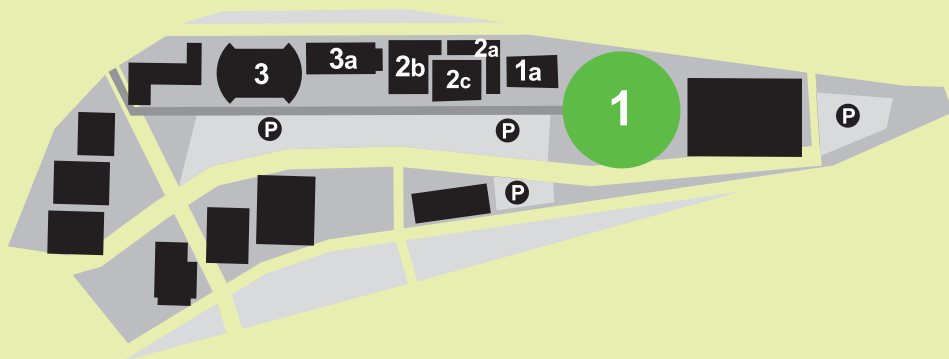

Nittoku Europe provides a full service: R&D, Electrical and Mechanical Engineering, Manufacturing, Assembly and of course After Sales Service, all located under one roof. A team of Japanese and European Engineers guarantees a smooth processing of customer inquiries and projects utilizing the global Nittoku network.
